

New Website Help Sheet

Welcome to the new WACSSO website. We have been working hard over the last few months to populate the site with all your favourite resources, tools and functions.

Follow the 'mega menu' to discover more about WACSSO and who your P&C's State Council representative is; find out what's on in training and events; visit the resources section for P&C and family tools; read all the latest news – including eNews and P&C Voice; and check out your options for having your voice heard.

Registering an account

1. Look for the login icon. Tip: it is always located next to the search button. Certain pages will also prompt you to login/register for an account. Follow the prompts.

2. Fill in the registration form. Because our website is for our affiliates, we will be verifying all accounts, so it's important you provide the right information so we can validate your account. You will need to ensure your office bearers have been updated, you can achieve this on the WACSSO website under the 'Resources' section, 'Update your P&C's Details'.

Login details: Email (must be your contact email) and Password

Contact details: First name, Last name and P&C Association

Update your P&Cs Details

It's a constitutional requirement that P&Cs update their contact details with WACSSO by April 30 each year. You can fulfil this requirement in the 'Resources' section of the website. You should notify WACSSO of any changes to your Executive Committee.
